Company Overview

CompuWorld Systems For IT solutions

a pioneering company, established in 1996, with a mission to deliver comprehensive IT solutions, including power backup systems, networking infrastructure, and enterprise computing solutions, to businesses of all sizes.

Over the years, our name has become synonymous with absolute commitment, guaranteed quality, and exclusive value-added services, making us the preferred choice for businesses seeking reliable and innovative IT solutions.

Our History

+25

YEARS OF EXPERIENCE

IN IT FIELD

AND STILL

COUNTING

CompuWorld Systems established in 1996, has grown to become a leading provider of comprehensive IT solutions. Over the years, our clients have trusted our expertise and capabilities to meet diverse IT demands. CompuWorld Systems name stands for absolute commitment, guaranteed quality, and exceptional value-added services.

Over the years, we have specialized in delivering comprehensive IT solutions, adapting to evolving technologies and industry needs. Our business strategy is built on three core pillars:

1. Retail

We are a **GOLD** partner of Lenovo,

and **ECO Expert** partner of Schneider electric.

As a sub-distributor, we build strong partnerships with leading vendors to deliver high-quality IT solutions with competitive pricing and exceptional support.

2. Services

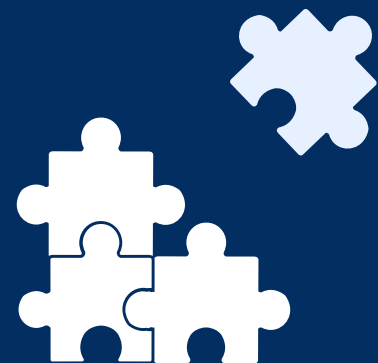

Our certified team is trained at the highest level for installations and maintenance of computers, laptops and UPSs.

We provide one of the best support and after sale services.

3. Solutions

We provide end-to-end IT infrastructure solutions, including server room design and installation to ensure optimal performance, security, and scalability for businesses of all sizes.

We set up the server room for "Goods village in Cairo international airport" We established the server room for "BiscoMisr Company" We established the server room for «Egyptian Countryside Development Company».

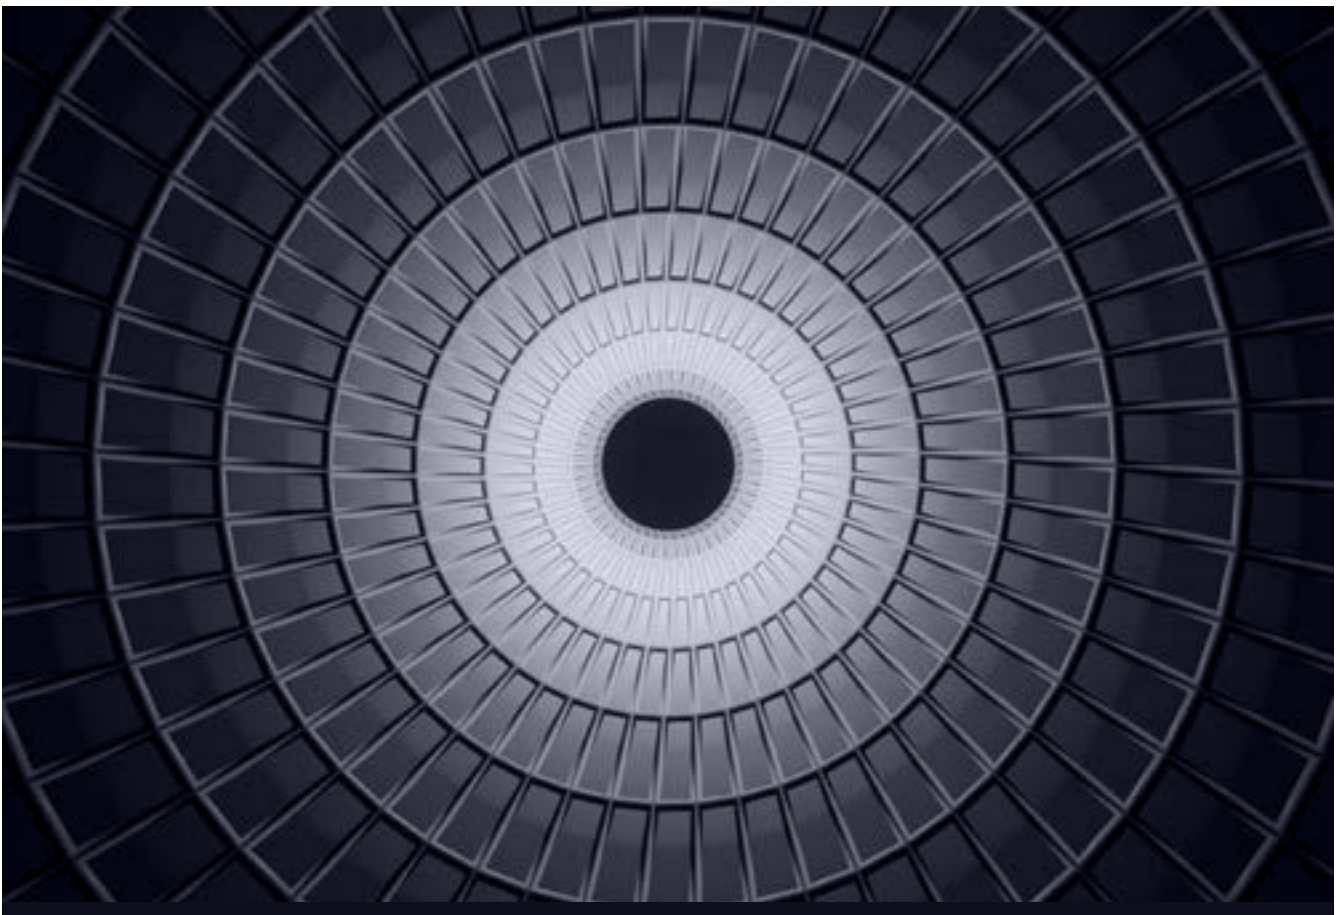

Vision

Our vision at CompuWorld systems is to be the Leading Provider of end-to-end IT solutions in an cost-effective manner and sustainable future across Africa.

Mission

Our mission is to provide clients with comprehensive and creative IT solutions and services to empower them achieving their business goals, growing, and transitioning into the new era of technology.
